Unbroken Chain of Coolness

MH°Centigrade is a reliable airport-to-airport service, tailored to the needs of the life science and health care industries. This specialized handling service facilitates the logistical needs of temperature-sensitive goods.

maskargo.com

PRODUCT FEATURES

MH°Centigrade provides numerous benefits to manufacturers, retailers and freight forwarders.

- Specialized handling to minimize exposure, particularly during transit.
- Insulated containers to protect goods and maintain product temperature.
- Temperature-controlled cargo compartments depending on aircraft type.
- Modern fleet and vast network coverage.
- Dedicated customer support team.

Active Solution

In partnership with Envirotainer®, a leading industry pioneer of active temperature-controlled containers, MH°Centigrade provides you access to the most advanced RKN and RAP containers that are tailored to maintain an accurate and constant cool temperature from -20C to +25C throughout the entire journey.

Passive Solution

For a more cost-effective option, MH°Centigrade also offers effective handling, storage and carriage of temperature-sensitive goods that utilize passive packaging solutions across all MH networks. MH stations are equipped with established MH°Centigrade procedures and extensive guidelines to cater to these temperature-sensitive shipments.
